

sincere friend, he has gone to his reward which, we feel, will be exceeding great. Ours is the loss, a loss that will be very keenly felt; what must it be to his widow and family? To them our sympathy is extended—and our prayers to give them courage to carry on without the help of a great and good man.

May God give him eternal rest.

Collection of Antiquities at Rothe House Museum

Donations for the formation of a Museum Collection were received from the Foundation of Kilkenny Archaeological Society in 1945. The articles presented were preserved by various members of the Society until 1966, when the opening of a Museum became a practical proposition. All these earlier donations are catalogued under the year 1960 and 1965, though they were presented at different dates. Later donations are catalogued under the year during which they were presented. Owing to lack of space all the articles listed cannot be exhibited at the same time but those not on exhibition can be seen on request.

The Committee of Kilkenny Archaeological Society wish to express their grateful thanks to all those kind people who made presentations and loans to the Museum and would welcome further donations.

Katherine M. Lanigan, Hon. Curator.
